THE GREAT EXHIBITION OF PRIZE ALES

Welcome to **The Great Exhibition of Prize Ales 2025!**

We're now in our third year of The Great Exhibition, and each year the invited breweries continue to surprise us with delicious recreations of beers from history.

This year we've seen a massive resurgence of interest in stout and lager, as well as some amazing IPAs that rediscover the roots of this world-changing beer. Like all great heroes, your favourite beer has an origin story - and you can taste it right here!

In fact, this might be our most

diverse year yet in terms of beer styles, so we urge you to join us in exploring the incredible range on offer. The proud brewing traditions of Burton, Brussels, London, Munich, Pilsen and, yes, Leeds are all on display.

Special thanks go to all the brewers involved in this year's event, as well as the musical performers, food vendors and our own hardworking staff who make it all possible.

Cheers!
